27th MPOB **TOT 2021** **TRANSFER OF TECHNOLOGY** *WEBINAR & EXHIBITION*

 Thursday,
01 1 July 2021

What is TOT?

It is the transfer of new MPOB R&D findings from bench to the market place. The new technologies and services are offered to the oil palm industry for adoption and commercialisation. TOT webinar contributes towards energising the industry with innovations and opportunities in wealth creation.

TOT 2021

TRANSFER OF TECHNOLOGY

How can TOT benefit you?

MPOB is constantly conducting research on new technologies to benefit the palm oil industry. From 1986 to 2020, a total of 675 technologies and 191 services have been disclosed through Transfer of Technology (TOT) Webinar and Exhibition and about 30% have reached the market place with market value worth billions of ringgit.

Hence MPOB welcome all entrepreneurs to take up this unique business opportunities and leverage on the continuous growth of Malaysia's palm oil industry.

Palm Oil – the best time to invest is all the time!!
