

The International Society of Oil Palm Breeders (ISOPB) presents

International Seminar on **ADVANCING THE NEXT GENERATION OF OIL PALM PLANTING MATERIALS** & *General Meeting 2025*

SEMINAR

8.00 AM

17 November 2025
Impiana Hotel, Kuala Lumpur

**GENERAL
MEETING**
(FOR MEMBERS ONLY)

5.00 PM

INTRODUCTION

The International Society for Oil Palm Breeders (ISOPB), in collaboration with the Malaysian Palm Oil Board (MPOB), is pleased to announce the International Seminar on Advancing the Next Generation of Oil Palm Planting Materials. The 11th ISOPB Annual General Meeting will be held immediately following the seminar.

OBJECTIVES

- To explore advances in the development of next-generation oil palm planting materials
- To examine cutting-edge technologies and methodologies driving innovation in oil palm breeding
- To highlight trait-specific strategies and approaches in oil palm improvement programs

TOPICS TO BE COVERED

1. Clonal technology
2. Genomics guided breeding
3. Transgenic research
4. Bioinformatics
5. Abiotic and biotic stress tolerance

WHO SHOULD ATTEND?

The seminar caters for those interested in the development of improved oil palm planting materials, including oil palm breeders, tissue culturists, seed producers, researchers, biotechnologists, agronomist, policy makers, planters, academia, consultants and students.
