NATIONAL SEMINAR ON PALM OIL MILLING,  
REFINING, ENVIRONMENT AND QUALITY

ACCELERATING PALM OIL INNOVATIONS

11-12 August 2026 | Pullman Kuching Hotel, Sarawak

## THE SEMINAR

The National Seminar on Palm Oil Milling, Refining, Environment and Quality 2026 (POMREQ 2026) is an established national seminar series supporting the continuous development of the Malaysian palm oil industry. The seminar will showcase recent advancements in milling technologies, including the practical applications of AI in palm oil mills to enhance operational efficiency and product quality. Sessions will also address progress in refining technologies, renewable energy utilisation, biomass valorisation and sustainability practices. POMREQ 2026 brings together industry leaders and technology innovators to shape a smarter, more competitive and sustainable future for the palm oil processing sector.

## WHO SHOULD ATTEND?

(Limited to Malaysians and Malaysian Companies only)

CEOs, executives, researchers, engineers, scientists, millers, refiners, planters, consultants, entrepreneurs, manufacturers, environmentalists, NGOs and suppliers of products, machinery and services related to the palm oil industry.

## OBJECTIVES

To share updates on technological improvements that enhance productivity and efficiency in palm oil milling and refining;

To highlight recent research and innovations that improve product quality and environmental performance;

To discuss key issues and challenges affecting the palm oil industry; and

To provide a platform for knowledge exchange, networking and collaborations among industry stakeholders.

## TENTATIVE PROGRAMS
